Hi Erin,

Attached are the revised Memo and TP's for the Austin Trip.

Added/revised material are in Red font in the Memo and redline (track changes) in the TP's. There was one additional update for the TX Flyovers issue paper that I revised in both the memo and tp's.

Thanks!

Hey Jonathan,

When you edit the talkers, can you please edit the attached version in redline? I revamped the flyover section and added the sections for RVP and SSM SIP Call. I also added those sections to the attached memo, please edit this version and add in the briefing sheets for RVP and SSM.

Thanks so much,

Subject: RA Briefing Memo and DRAFT TP for 12.12 Austin Meetings and TXOGA Talk

Hi Erin,

Attached is the RA Briefing Memo and DRAFT TP's for next week's Austin trip and TXOGA meeting.

The TP's are still a work in progress because late yesterday, TXOGA responded to one of my previous emails saying their members were interested in hearing the RA talk about :

- Status of the withdrawal publication of SSM SIP Call
- RVP Standards for counties—10 day differential can be an issue with a hurricane
- Update on air monitoring via fly overs

I'm still getting talkers from the divisions regarding these topics so I'll update the TP's when I receive them.
